COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

TO THE OWNERS OF DOGS.

MAYOR'S OFFICE,
Alexandria, Va., June 6, 1908.

All persons owning or intending to keep any animal of the dog or canine species should come forward on or before

JUNE TWENTY-FIFTH, 1908,

and take out a license for the same from the Auditor. After the 30th of June all persons owning or harboring dogs without the required license are subject to a fine as the laws on the subject require of $3 or $5.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for their licenses to the Auditor.

Attention is also called to the fact that while the payment of a license tax is required by the laws of the city whether a dog is kept on the premises of the owner at all times or not, yet the payment of such tax does not entitle the dog to the unrestricted use of the streets and alleys of the city, both day and night, for it is provided by law that "The Mayor in addition at any and all times, in his discretion, by proclamation shall declare that all such dogs as above licensed shall be securely muzzled, and if any such dogs be found running at large during the continuance of such proclamation without the required muzzle they shall be seized by the police force, or other persons designated by the Mayor for such purposes," and conveyed to a suitable place and destroyed.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the License Law: "On every dog, regardless of sex, one dollar and fifty cents."

DEMAND ON CHINA.

The French government has decided not only to exact the punishment of the Chinese implicated in the killing recently on the Indo-Chinese border of six native soldiers and a French officer, but will demand material and moral reparation, including the dismissal of the viceroy of Yunnan province. The French minister at Peking, M. Bapst, has been instructed to present the French demands to the foreign board.

A dispatch received in Peking yesterday afternoon from the governor of Indo-China says he has been advised that Chinese regulars have pillaged the tong-king village of Chima. Further demands will be formulated on this account

In the absence of the viceroy of Yunnan province the provincial treasurer has presented to the French consul at Yunnan the excuses of the Chinese government for the killing recently of six native soldiers and a French lieutenant on the frontier by Chinese regulars while they were disarming Chinese revolutionists who has taken refuge on French territory. Furthermore the treasurer promises that exemplary punishment will be meted out to the guilty soldiers. The French consul at Yunnan is making a personal investigation in the occurrence.

DREAMED OF BURIED WEALTH

For a week past Thomas Wade, a prosperous farmer in Tuckahoe district, Henrico county, dreamed each night of a buried box bulging with gold in ingots and ancient coins. The spot where this treasure was secreted was indicated unvaryingly in his dreams by an old stump, which he recognized as being on his farm.

At first he paid no attention to the dream, but its persistence finally convinced him that he was about to become a millionaire. On Monday, with the assistance of Constable I. H. Henley, he went to the place indicated in his dream, and, after digging for several hours, his shovel struck the traditional "hard metallic substance."

Believing his dream of wealth realized Wade fainted from emotion, but the constable nursed him back to consciousness, and then the box was unearthed and examined. It contained three big copper cents of ancient date and four fish-hooks.

WIDOW RETURNS FORTUNE

Bonds valued at $125,000 have been recovered by the receiver of the Albany National Bank, at Pittsburg, Pa. They were surrendered by Mrs. Frank Lee, who was to have married William Montgomery, cashier of the defunct bank.

The widow gave Montgomery $10,000 from her husband's life insurance to invest for her. He gave her bonds of the Pittsburg Brewing Company to the amount of $125,000, telling her he had made that much money in speculation with her money.

The bonds, it turns out, were taken by Montgomery from the bank and worthless paper was left in their place. All the collateral in the bank was rehypothecated by Montgomery, and the receiver is intent on getting a large amount of it back.

Mrs. Lee said she thought Montgomery had really invested the money for her and had no idea it had been stolen.

TURNER'S INSURRECTION.

Mrs. Martha Caroline Neimeyer, widow of Henry V. Neimeyer, died at her home, in Portsmouth, yesterday morning in her eighty-fourth year.

During Nat Turner's insurrection in Southampton county, in 1831, the slaves, under the fanatical leadership of Nat Turner, a negro preacher, murdered a number of people. The sister and a number of other relatives of the deceased were among the victims. Mrs. Neimeyer was then a small child, and her life was saved by the warning of faithful slaves who gave notice of the approach of the murderers and assisted in secreting the family in the woods, where they were hidden for two nights until the danger was past.

Mrs. Neimeyer was the daughter of John T. Vaughan, of Bonnie Doon, Southampton county, and was married to the late Henry V. Neimeyer, of Portsmouth, 60 years ago.

WALKED IN HIS SLEEP?

Calvin Steele, of the Greenville neighborhood, was yesterday committed to jail to wait the action of the Augusta county grand jury, charged with attempted assault on the wife and daughter of I. N. Vines, a nearby neighbor. Vines was away from home.

Steele entered the house about 2 o'clock yesterday morning and got into the bed occupied by Mrs. Vines and her daughter, who is about 18 years old. They made an outcry, and the son of Mrs. Vines, who was at home, succeeded in capturing the intruder.

Steele claims that he walked in his sleep and was unconscious of what he was doing. He is unmarried, about 25 years old and well connected.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JUNE 10, 1908

MR. CARLIN RENOMINATED.

While it was generally conceded hereabouts that Hon. C. C. Carlin would yesterday be nominated to succeed himself as Representative in Congress from this district, but few of his supporters were so optimistic as to entertain the idea that he would roll up the majority he received. The result proved to be an avalanche in his favor. He carried every county except Louisa and Orange, the former the home of his opponent, Mr. R. L. Gordon. The friends of the latter have, as good democrats, accepted the voice of the people as final and will vie with those of Mr. Carlin in making the vote as large as possible next November. The contest between Mr. Carlin and Mr. Gordon has been a struggle within the party, and now that it is over and the result announced, the champions of both are as earnest democrats as ever and are lined up in solid phalanx for the nominee. There has never at any time during the congressional campaign been any issue before the democrats of this district. Two good and able representatives of the party had been before the people, one naturally desirous to succeed himself in Congress, having served but six months, and the other equally desirous of becoming a congressman. Mr. Gordon had come in second at the congressional election last summer, and he assumed that inasmuch as Mr. Carlin had received the nomination on a plurality vote, the latter would be unable to cope with him in a single combat. His calculations, however, proved misleading, as will be seen by Mr. Carlin's phenomenal majority. As has heretofore been shown in the Gazette, there are many reasons why Mr. Carlin should have received this nomination. To have set him aside would have been a departure from a practice long in vogue in the Eighth district, and there would have been no reason for such a course. Mr. Carlin during the short time he has represented this district has devoted his time and labor to the interests of his constituents, and will continue to do so. His many friends in Alexandria and throughout the district rejoice with him in his renomination.

CONTINUED indignation is being expressed at that part of the speech of Secretary Taft at the tomb of General Grant on Memorial Day, which charged Grant with too much fondness for whisky. Mr. Taft tries to quiet his critics by explaining that he wished to emphasize Grant's eventual triumph over temptation, but his enemies retort that he was not at Grant's tomb on Decoration Day to extort abstract moralities from alleged facts, but to celebrate the military achievements of Grant. It is probable that Taft was throwing a sop to the prohibition sentiment, which has become so intense that as a candidate for president he thought he could hardly ignore it. But, Mr. Taft, like other politicians before him, has discovered that the prohibition issue is a two edged sword and will wish he had let it alone.

AN esteemed contemporary gives vent to this piece of wisdom: "With a special committee of a republican congress investigating the currency problem, and the ways and means committee of a republican House studying the tariff schedules during the presidential campaign, it seems unlikely that the republican campaign fund will be small or hard to gather. Besides, there is the practical man who knows when to shoo and how to milk the corporations." In view of the story of Roosevelt's deal with the New York, New Haven, and Hartford Railroad, this seems to be personal.

As might have been expected Secretary Cortelyou has yielded to the bankers of the large cities and decided to charge only 1 per cent. interest on government deposits. The election is coming on and the republicans need contributions.

SHOULD Mr. Gordon ever again be a candidate for office he will probably have less to say about "a subsidized press."

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 10.

Only by an "eccentric fixture of light" may Senator Gore, of Oklahoma, ever be able to distinguish day from night, never can he discern the faces of his wife and child. Such is the conclusion of the specialist who has been treating the senator at a hospital in this city for the last week, on the faint hope that sight might be restored to the blind statesman. Had the Oklahoma man submitted to treatment years ago, there might have been hope, but the oculist found that time had erected insurmountable barriers that will forever keep out the light. Senator Gore has left the hospital, but will remain in the city another week that one or two more treatments may be given to his eyes.

Booker T. Washington called upon Secretary Taft this morning and will call at the White House this evening at the president's invitation to discuss the affairs of the African republic of liberia. The delegates made an appeal to Secretary Root for assistance in their troubles, particularly the establishment of a boundary which is being encroached upon by neighboring colonies. It was denied that the conferences will have anything to do with politics but the president's invitation is looked upon as a significant move in view of the problem of the colored vote which seems to confront Taft's managers in Chicago. It is recognized that any presidential attention to Booker T. Washington might, at least, have a sensational effect upon colored voters, who have been argued into hostility toward Taft.

President Roosevelt is not backing the vice-presidential boom of Secretary Cortelyou. This statement was made at the White House today. Assistant Secretary Coolidge of the Treasury Department, who has the Cortelyou boom in charge had a talk with the president today before he started for Chicago, where he is going, it is said, to take care of Mr. Cortelyou's fences. "Mr. Cortelyou's name will not be presented to the convention unless we are very certain that he will win," said Mr. Coolidge. "I cannot tell how the ground lays until I get out there."

The president's yacht Sylph has sailed from Washington for New York where she will be in readiness to convey Mrs. Roosevelt and children from Jersey City to Oyster Bay some time the latter part of next week. They will probably leave Washington for the summer a few days ahead of the president who expects to remain here during the Chicago convention and until about June 20.

Senator Borah, of Idaho, after a talk with the president today, predicted that Senator Dolliver, of Iowa, would be vice-presidential nominee at Chicago.

Rear Admiral Robley D. Evans has been granted three months leave by the Navy Department because of ill-health. Accompanied by Mrs. Evans and other members of his family, the admiral, who was relieved of the command of the Atlantic fleet on May 9, left today for their summer home at Lake Mohonk, N. Y., where the admiral will be given special treatment at a sanitarium.

Mr. Joseph Leiter and Miss Juliette Williams were married at noon today in the apartments of the bride's parents in the Connecticut. At the wedding Miss Williams's only attendant was her young sister, Miss Francise Williams. Mr. Roman Baldwin, a classmate of Mr. Leiter, at Harvard, was best man, and the ceremony was performed by Rev. E. L. Buckey, assistant rector of St. Matthew's Catholic Church. Miss Williams is a Catholic, but her husband is not, and the marriage could not therefore take place in the church. It was learned today that the Leiter mansion has been given to "Joe" Leiter by his mother and that he will present the house to his bride.

Secretary Taft, as president of the Red Cross, announced today the receipt of a contribution characterized as "handsome" from Mrs. Sage for the endowment fund. No intimation is given of the amount of the contribution, but it is said to be large. In addition $5,000 has been received from the Russell Sage fund for carrying out the arrangements for the co-operation of various charity organizations in the Red Cross in active relief after disasters. Ernest P. Bocknell, superintendent of the Chicago Bureau of Charities, has been appointed national director and the work has been divided into three departments—war, emergency and international relief.

Secretary Straus, of the department of commerce and labor, has set in motion the machinery of the bureau of labor to investigate the conditions of labor in the telegraph and telephone companies. This is in accordance with a resolution of Congress.

Public Printer Leech has appointed William J. Dow his private secretary, succeeding Clifford Rose, who held a similar position with Charles Stillings.

Before leaving for Chicago today, Col. "Pete" Hepburn, dean of the Iowa delegation in the House, expressed his belief that Senator Dolliver would not sacrifice his prospects in the Senate for the vice-presidential nomination. Col. Hepburn is a Cortelyou man.

REUNION OF CONFEDERATES.

Amid great enthusiasm the annual reunion of Confederate Veterans was called to order at 10 o'clock yesterday at Birmingham, Ala., by Major General George P. Harrison, commanding the Alabama division of the Confederate Veterans. Two hundred children, accompanied by the reunion band, sang southern airs while the veterans cheered. Major General Harrison on the stage was surrounded by General W. L. Cabell, of Texas; General Clement Evans, of Georgia; General Tyler, and other prominent officers and by representatives of the local veterans, Sons of Veterans, Daughters of the Confederacy, local citizens' committees and the band and children's chorus.

A gloom was cast over the reunion by the recent death of the commander in chief, Gen. Stephen D. Lee, who was to have presided over the meetings of the veterans, and whose annual address had already been prepared. This address was printed and distributed to the veterans yesterday, but the reading of it was postponed on account of the extreme heat.

In his speech, George O. O. Wright protested against the branding as deserters of those officers who resigned from the federal navy to join that of the Confederacy, and he called upon his comrades of the U. C. V. to help have those records corrected.

MUNICIPAL ELECTIONS.

Elections were held for municipal officers in the several cities and towns of the state yesterday and in nearly every instance the regular democratic nominees were chosen.

In Norfolk the good government faction, after eight years of control of the city government, has been swept from power by the regular democratic ticket, headed by Dr. James G. Riddick.

George R. Geary, republican, defeated Mayor M. E. Stickley, of Woodstock, for re-election by a majority of two. This is the first time a republican has been elected as mayor of Woodstock for a number of years.

Great interest was taken in Winchester in the election, in view of the fact that strong efforts were put forth to draw the line between "wets" and "drys." The democratic ticket for mayor, recorder and councilmen was elected, although the citizens' league ticket, which was backed principally by anti-saloonists and a majority of the republicans, polled a large vote.

In Fredericksburg H. Lewis Wallace was elected mayor over Harry Worden.

New York Stock Market.

New York, June 10.—The stock market opened irregular but prices as a rule were a shade lower. After some concessions the market became dull and during the first half hour advances of over one point were made in nearly all the leading issues.

At mid-day there was renewed strength, with some issues making additional gains over those recorded after the opening.

News of the Day.

George B. Cortelyou is said to be the Taft-Roosevelt choice for the nomination for vice-president.

John S. Leech yesterday qualified as public printer by taking the oath of office in Washington.

The Oregon democratic State convention yesterday instructed its delegates to Denver to vote for Bryan.

A four-masted schooner with 11,000 dozen pineapples arrived at Baltimore yesterday from Tarpon Bay.

Empress Augusta Victoria while riding with Emperor William in Berlin today, was thrown from her horse and slightly injured.

The big steel trust has decided on a reduction in the price of steel products and iron ore. The price of steel rails is not included, however.

The first annual meeting of the descendants of the signers of the Declaration of Independence will be held in Philadelphia on July 3 and 4.

It has been openly charged that Baltimore packers have formed a combination to keep down prices and prevent the free movement of produce in the open market.

Gregori, who shot Major Dreyfus at the Pantheon in Paris, in an examination yesterday declared he committed the act voluntarily and assumed all responsibility.

One man lost his life, three firemen were seriously injured, 45 houses were destroyed and property valued at more than $150,000 was destroyed in two fires in New York today.

President Liebmann, in addressing a convention of the United States Brewers' Association, at Milwaukee, yesterday, made a plea for the open, legalized saloon, attacking prohibition and confiscation.

Fighting between the Japanese troops and the Korean insurgents continues and between June 3 and June 9 there were 25 engagements, in which 113 insurgents were killed and 26 taken prisoners.

Sentenced to life imprisonment for the murder of his wife, Jim Richardson, a negro, asked the court in Atlanta, Ga., if he could not be hanged, and that right away. The court did not grant the request.

Henry Lemoyne, charged with obtaining money under false pretenses in alleging that he could manufacture diamonds, failed to produce in a Paris court a diamond of a specified size of his own manufacture.

"The marriage of my sister, Mme. Anna Gould, to Prince de Sagan is to take place with the full consent of all the Gould family. I expect to attend it while abroad," said Geo. Gould yesterday, as he boarded a steamer at New York for Bremen.

Col. John F. Finerty, editor of the Chicago Citizen, lecturer, politician, soldier and renowned as a leader in the Fenian raids on Canada in the late sixties, died in Chicago today after six months' illness. He served in Congress from 1883 to 1885.

INDICTMENTS RETURNED.

After an investigation lasting a week, the grand jury in the United States District Court in Richmond yesterday afternoon returned indictments against the Chesapeake and Ohio Railway Company, Alexander P. Gilbert, assistant general freight agent of the railway, and W. R. Johnson, a local grain dealer, charging violations of the interstate commerce act.

The indictments follow an investigation by Commissioner Lane, of the Interstate Commerce Commission, in February. Each indictment contains nine counts, in which it is set forth that the parties accused combined for the purpose of giving and receiving rebates, to the financial loss of the Seaboard Air Line, the Atlantic Coast Line, the Norfolk and Western, and other connecting lines of the Chesapeake and Ohio.

The grain shipments were made to southern points, to which, it is alleged, Johnson was given a rate at 3 cents per 100 pounds less than required under the contract agreement of the several common carriers.

District Attorney Lewis declined to name a date for the trial of the several cases, stating that the grand jury had not completed its investigation. This is taken to indicate that other shippers and officials are implicated in the alleged violations, and that the jury will examine every case reported by Commissioner Lane involving other Richmond shippers and other and higher railroad authorities.

It was charged in Commissioner Lane's investigation that shipments of grain from western points were rebilled in Richmond and allowed to proceed south as through shipments, this saving Johnson, to whom the consignments were made in Richmond the difference between the through and the local rate.

It is alleged that through the rebate thus allowed by the Chesapeake an Ohio the connecting lines were fraudulently deprived of thousands of dollars of revenue. Nearly all of the grain was shipped to points in North Carolina.

Johnson appeared in court yesterday afternoon and was bailed in the sum of $2,500 for his appearance Friday morning, when Judge Lewis stated the grand jury would be prepared to return its action in all other cases.

Party Conference.

[Special Dispatch to the Alexandria Gazette.]

Roanoke, Va., June 10.—A conference of party leaders was held early this afternoon at the Ponce De Leon Hotel at which it was decided after a full and frank interchange of views that in view of the strength of the movement to instruct the delegates to Denver it would be wise to go further than the mere endorsement of Wm. J. Bryan and it was decided to bring in a resolution not only endorsing him but morally binding the Virginia delegation to vote for his nomination. This action is regarded as a defeat for the leaders, who had planned to gloss over the matter of instructions and to secure the passage of a resolution of mere endorsation of the Nebraskan, leaving the delegation free to vote as they choose.

A participant in the conference said after it was over that the difference between the resolution it was decided to present and a straight resolution for instructions was simply technical, and that no man of honor could fail at Denver to support Bryan. This compromise it is hoped will prevent any factional fight in the convention, and it is further hoped that Senator Daniel will be relieved of embarassment. Whether the instructed delegates will agree to the compromise remains to be seen. But inasmuch as Bryan's nomination is already a foregone conclusion and further, since discord in the party is to be deplored, it may be that the Bryan men will acquiesce.

Death of O. H. P. Belmont.

Hempstead, L. I., June 10.—Oliver H. P. Belmont, after a week's struggle for life against peritonitis, which succeeded an operation for appendicitis, died here today at 6:40 a. m.

Since yesterday Belmont had been in a state of coma, and when his physician, Dr. Langhart, after an all-night vigil, decided shortly before daylight that dissolution was near, the family was called to the bedside of the dying millionaire. Just after sunrise there came a brief period when it was thought consciousness would return to the rapidly sinking man, but the gathering of the vital forces proved only momentary and then the coma became more profound than ever. The end came peacefully.

Oliver Hazard Perry Belmont, the youngest son of the late August Belmont, was born in 1858. His first wife was Sarah Swan Whitney. She divorced him and married George L. Rives, a corporation lawyer. Miss Natica Rives, whose mysterious death in her home on Fifth avenue, last February, caused such a sensation, was a daughter of O. H. P. Belmont. Her name was changed to Rives after her mother had married the second time. Oliver Belmont was graduated from the naval academy and performed active duty on the Kearsarge and other vessels, resigning his officership to interest himself in politics. In 1900 he was elected to Congress from the Thirteenth New York district. When the Spanish war broke out Belmont offered to supply a dynamite torpedo boat and place it in commission within ninety days. His offer was refused. The estrangement of Oliver Belmont and his brothers, August and Perry, was caused by Oliver marrying Mrs. Vanderbilt.

The Republican National Committee.

Chicago, June 10.—Organized opposition to the nomination of Secretary Taft admitted itself so badly split today that the Taft followers say the scramble to climb on the bandwagon had begun.

According to the latest calculations Secretary Taft will receive on the first ballot 551 votes or sixty more than enough to give him the nomination, providing the convention does not override the decisions now being made in contested cases. One week ago, the allies conceded that Taft would have 359 delegates on the temporary roll. Since then the national committee has added ninety-two votes to the Taft column, by seating delegates in contested cases who are either instructed for or pledged to Taft. There remain to be decided contests for 133 seats. The allies believe that Taft will get at least 100 of those. Manager Hitchcock expects that his candidate will get practically all of them.

The combined eleventh and twelfth districts of Missouri were the first cases taken up today.

The committee decided not to seat the Hughes delegates of the 11th and 12th districts of Missouri, declaring in favor of the Taft delegates. An attempt was made to have the 11th and 12th Missouri districts' vote split, but the motion was lost by a viva voce vote.

The Taft delegates-at-large from North Carolina were seated by the committee.

The Taft delegates in the first North Carolina districts were also seated, making a net gain for Taft for the day of ten delegates.

The Taft delegates in the Second and Third North Carolina districts were seated.

The Plague in Venezuela.

Willemstad, Curacao, June 10.—The worst feature of the plague situation in Venezuela today is the danger of Porto Cabello, the chief open port, becoming infected, thereby shutting off water communication with the outside world. While the people of Porto Cabello have erected a pest house and are patrolling the town to see that no refugees enter, the spread of the disease is such that it will be almost impossible to maintain an effective quarantine. Two new cases are reported from Caracas today and the situation at LaGuayra is acute. The paralysis of business in these places has thrown hundreds out of employment and their exodus to interior towns is likely to cause a further spread of the plague.

To Be Married in England.

Paris, June 10.—Friends of Mme. Gould said today that her wedding to Prince Helie de Sagan would take place in England. While she would much prefer to be married in France, it is said that she is afraid of some unpleasant incident, resulting from the anger of Count Boni de Castellane, her divorced husband, between whom and de Sagan, his cousin, there is the bitterest enmity.

Motor Boat Race.

Hamilton, Bermuda, June 10.—All doubt as to whether the Atlas Craig would win the cup in the motor boat race from New York to this port was dispelled today when the Irene II., which had been given a time allowance of 17 hours and 20 minutes, failed to put in an appearance. The Irene II. is supposed to be held back by head seas.

Horsewhipped by a Woman.

San Jose, Cal., June 10.—Police here and in San Francisco are searching for Dr. Larence H. Meadows, surgeon of the steamship Manchuria, and his wife who publicly flogged Robert S. Field, a wealthy citizen of San Jose, in the streets here. Meadows and his wife called upon Fields who is a well-known merchant and demanded $4,000 for the alleged alienation of Mrs. Meadows' affections. Fields promptly refused to settle and the husband, drawing a horse whip from under his coat handed it to the woman who demonstrated her love for Field by thrashing him soundly.

The Mills-Reid Wedding.

London, June 10.—Ogden Mills of New York, arrived in London today to attend the wedding of Miss Jean Reid, daughter of Whitelaw Reid, the American Ambassador, to the Hon. John Ward. The array of bridal presents that is being received by Miss Reid is one of the most beautiful and costly ever seen in London. Not only are her American friends remembering her with lavish gifts, but the king and queen and nearly all of the members of the English royality have sent costly presents.

Explosion of Gas.

Philadelphia, June 10.—Lives of hundreds of shoppers were endangered today as a result of a terrific explosion of gas in a main in the centre of the retail district. The flames shot high in the air and imperilled surrounding stores. Only the presence of mind of Foreman Noll checked the flames. The working gang had fled in terror, but the foreman forced them back in the trench and directed the rapid filling of the excavation. The flow of gas into the burst main was stopped by plugging the branch mains.

Want Mitchell for Vice President.

Georgetown, Texas, June 10.—Texas is preparing to make the hottest fight she ever put up in a democratic national convention for another State's candidate.

"John Mitchell for vice president," is the Texas slogan. Headquarters for the Mitchell league were opened here today. Texas' delegation to Denver is pledged to Bryan. The delegates will also bind themselves to work for Mitchell.

Fight with Night Riders.

Aberdeen, Ohio, June 10.—Reports have just reached here of a pitched battle between troops and a band of fifteen night riders early today when the soldiers came upon the night riders near the farm of Ephraim Martin, a tobacco planter, where they were destroying the beds. Whether any one was shot is not yet known.

Floods.

Kansas City, Mo., June 10.—Breaking through all restraints, today, the Kaw river flooded Armourdale and Argentine, and the entire west side bottoms. Great damage is reported.

St. Louis, June 10.—After remaining stationary all night the Mississippi river began slowly rising again today.

The Catholic Church in America

Rome, June 10.—"If the separation of church and State generally would result in the same profound respect being shown the Catholic church as is the case in America, I would earnestly and quickly ask for such separation everywhere." This was the message that Pope Pius X gave to Bishop Charles F. McDonnell, of Brooklyn, in his farewell audience to that prelate. "The Pope expressed his satisfaction of the condition of the Catholid church in America," said the bishop. "He said the respect shown the church remided him of the consideration shown a venerable woman in the house of a gentleman."

Knights of Modern Macabees.

Toledo, Ohio, June 10.—With both warring factions standing pat on their ticket and each side claiming victory by large majorities, the 21st great camp review of the Knights of the Modern Maccabees opened its business sessions here today. Both sides are determined to win or lose all by submitting their claims to the delegates.

Bushrod Silcott, a well-known resident of Hamilton, Loudoun county, who was recently arrested and convicted before a justice of the peace for violating the Byrd liquor law by giving to a guest a drink of whisky on Sunday, was yesterday released by Judge E. S. Turner, in the Circuit Court. Judge Turner held that the provisions of the law had no application to a case of this kind. The same construction has been put on the law by other Circuit Court judges throughout the State.

City Council.

There was a brief meeting of the City Council last night. The business transacted was of a routine nature.

BOARD OF ALDERMEN.

The only paper presented in the Aldermen was a petition from Norman L. Williamson asking permission to erect a one-story frame kitchen in the rear of his residence, 126 north Patrick street. The request was granted.

The action of the Common Council on all save one of the papers sent in was concurred in by unanimous votes.

A resolution, introduced by Mr. Ballenger some time ago and referred to the committee on streets providing for the improvement of Oronoco street, between Pitt and St. Asaph, was received from the lower board, that body having recommitted the resolution to the committee.

Mr. Ballenger said he did not understand why the lower board should have recommitted the resolution. It had been before Council for 18 months.

Mr. Birrell, of the Common Council, who had entered the chamber for the purpose of notifying the Aldermen that the lower board was ready to adjourn was asked to give an explanation. The latter gave as one reason for the recommittal the fact that other resolutions for street improvements ante-dated Mr. Ballenger's for instance, a resolution for the improvement of north Columbus street had been before Council for about two years.

A vote was finally taken, all the members save Mr. Ballenger, voting for a concurrence.

A resolution providing for an expenditure of $500 for the improvement of Queen street from Henry to Fayette caused a repetition of the debate. It was stated that this square being between two railway tracks, it could be repaired while Fayette street was being improved, the gravel for which the railway company would place on the ground.

The action of the lower board in adopting the resolution was concurred and later the Alderman adjourned.

COMMON COUNCIL.

The excitement incident to the general and primary elections of yesterday had the effect of keeping down the attendance at the session of this body last night and only 10 members were present when Council opened.

The first business was the report of the committee on streets in favor of appropriating $500 to grade and gravel Queen street from Fayette to Henry.

Mr. Leadbeater said Mr. Duke, of the railway company, had promised to furnish gravel provided the city would do the work, and he therefore requested the body to act favorably on the report of the committee.

The report was unanimously adopted.

The committee reported favorably the resolution appropriating $450 to resurface Oronoco street from St. Asaph to Pitt.

Mr. Burke objected to the adoption of the report at this time. He said it was a matter which could easily wait. The other case was different, as the railroad had agreed to furnish the material, but in this the city must bear the entire expense.

Mr. Leadbeater urged the adoption of the report, and stated that the thoroughfare was in bad repair and needed immediate attention. He said it had been before the committee nearly a year and they thought it but fair to improve said street.

The Chair inquired as to whether the committee had any more reports to hand in making appropriations for street work.

Mr. Leadbeater answered in the negative.

Mr. Burke said there were mait rs soon to come before Council which required a considerable sum of money and the finance committee were studying conditions to meet the debt falling due next year. He urged caution in the expenditure of money at this time and said he hoped the report would not pass. He moved to postpone action, which he afterwards withdrew, and made a motion to recommit the report to the committee on streets, which motion was adopted.

A petition for permission to place an arc light at the intersection of Prince and Washington streets, was granted, with the proviso that the gas lamps there would be dispensed with.

A petition for the extension of the gas mains to the Spring Park addition came from the Alexandria Realty Co., and was referred to the committees on light and finance.

A petition from the Columbia Steam Fire Engine Company for an appropriation of $100 to assist the committee in securing a band to accompany them on their trip to Harrisonburg in August to the State Firemen's Association was referred to the committee on finance.

A petition of Luther Carter for permission to erect a two room addition to a frame house No. 116 south Fayette street and repair the same, was presented.

Mr. Splinks informed the Council that there were no objections on the part of abutting property owners. The petition was granted.

In this connection Mr. Hellmuth said it had been the practice of persons building houses and additions to ask permission to do such work afterwards. He thought it should be stopped.

The Chair agreed that it was an exceedingly bad practice and likewise suggested that it should cease.

Mr. Leadbeater said he had noticed that when a citizen came to Council, previous to the erection of a house, and asked permission, to build in many cases he was criticised, and it seemed to him that the person who did the work and asked permission afterwards secured the best treatment.

A petition of a number of citizens requesting that cobble gutters on the proper grade on Oronoco street from Alfred to Patrick on both sides and on the north side of Oronoco street from Alfred street to Columbus it be laid and that Oronoco street from Columbus street to Patrick be regravelled from gutter to gutter and that all crossings not now laid be laid, was referred to the committee on streets.

Mr. Birrell said he had had an appropriation passed for similar work at the intersection of Oronoco and Patrick streets some time ago, and thought the work had been finished, and he was surprised when he learned the work had not even been started.

Mr. Leadbeater stated that the paper had been mislaid or lost, but the clerk went over the minutes and found it duly recorded.

A petition for cobble stone improvements and gutters on Prince, between Payne and West streets, was referred to the committee on streets.

A petition for permission to erect a one-story addition to a kitchen at No. 126 north Patrick street, was granted to Norman Williamson by the Board of Aldermen and their action was concurred in.

A petition of Garratt & Monroe for the building of a sewer in the alley bounded by Washington, Columbus, Oronoco and Pendleton streets was referred to the committee on streets.

No other business appearing the body adjourned.

MR. CARLIN VICTORIOUS.

While all the supporters of Mr. C. C. Carlin was optimistic concerning the outcome of yesterday's primary election, but few supposed the result would prove to be a veritable landslide in his favor, as was the case. Early in the night, however, from the fragmentary returns received, there was every reason to suppose he had been nominated to succeed himself in Congress by a safe majority. Many friends of the successful candidate gathered in and in front of his office on north Fairfax street where dispatches from different points in the district were being received.

The announcement of the vote in Alexandria city elevated the spirits of his adherents greatly. He had received 1,580 votes as against 56 for Mr. R. L. Gordon.

The result in Alexandria county sent the enthusiasm higher. In this county, which Mr. Carlin lost last year, he received yesterday a majority of 204 votes. Culpeper county gave him a majority of 281; Fairfax county, 605; Loudoun county, 420; Fauquier county, 237; Prince William county, 332; King George, 50, and Stafford, 54.

These figures showed there had been a tidal wave in his favor and that while Mr. Gordon had carried two counties in the district—Louisa and Orange—Mr. Carlin's majority would be somewhere between 2,500 and 3,000.

There were many people on the streets, and the result of the election was the principal theme of conversation. The comparatively few supporters of Mr. Gordon took his defeat good-naturedly and as good democrats.

Mr Carlin, who was at his office most of the time, was being given a hearty ovation, and notwithstanding the enthusiam no one showed the effects of conviviality and the best of feeling prevailed. The only person arrested by the police during the day and night was a demented, half-clad negro who ran into the station house in order to avoid imaginary enemies

Mr. Stringfellow, of Culpeper, one of Mr. Gordon's lieutenants, who was mingling with the assemblage in front of Mr. Carlin's office, was called upon for a speech. He responded and said that Mr. Gordon had put up a game fight, but had been fairly beaten, and assured his hearers that the Gordon faction would help to roll up for Mr. Carlin in the general election the largest vote ever received by a democratic candidate for Congress in the Eighth district of Virginia.

Mr. Carlin later appeared in front of his office and was greeted with vociferous cheers. When quiet had been restored he thanked the people of his home city and the entire district for the splendid support they had given him, and said that he had only the kindliest feeling for his opponent. He said that he did not blame Mr. Gordon personally for many of the unkind things that had developed during the campaign, but that Mr. Gordon had been the victim of unfortunate advisers, and called attention to the fact that he had carried the voting precinct by a vote of three to one of every man who had given Mr. Gordon affidavits charging him with improper practices.

He said he had also carried Alexandria county, the home county of some of his bitterest assailants.

Mr. Carlin was loudly cheered and was escorted to his residence by the crowd, whose cheers were enchanced by music furnished by a drum corps.

It was after midnight before the streets resumed their normal quiet condition.

SUDDEN DEATH.

Mr. Gottlieb Kicherer, an old and well-known resident, died suddenly at the home of his son, Mr. Charles Kicherer, southeast corner of Prince and Lee street, about 7 o'clock yesterday evening He was seated on the porch when death overtook him. He had been a sufferer from Bright's disease for some time. Mr. Kicherer was born at Baden-Baden, Germany, seventy-four years ago. He came to this country when he was about twenty years old and in 1853 took up his residence in Fairfax county near this city. For a long time he was employed by the late George Bossart. For many years he conducted a butcher stand in the city market, but retired from business several years ago. He is survived by a daughter, Mrs. Kate Simpson, and five sons, George, Frederick, Charles, Lewis and Henry Kicherer. The funeral will take place Friday, and the remains will be interred at the old homestead of the family in Fairfax county.

A HANDSOME TABLE.

One of the prettiest tables on exhibition in this city is in the window of Kaufmann Bros. store. It is made entirely of glass and is beautifully ornamented with labels taken from cigars. The table was constructed by Mr. Henry C. Carson, an employee of the Virginia Safe Deposit and Trust Company.

When you need to take something take it promptly for the stomach, but take something you know is reliable—something like Kodol For Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by W. F. Creighton & Co.

REV. PHILLIP SIDERSKY TO SPEAK.

In the absence of the pastor who preaches in Washington, tonight, Rev. Jas. H. Taylor, of Washington, will preside at the prayer meeting at the Second Presbyterian Church. He will introduced Rev. Philip Siderasky, a converted Jew, who is doing a wonderful work among the Jews in Baltimore. He preaches to them in Hebrew and Yiddish and often illustrates his talks with the stereopticon. Mr. Siderasky tonight will be heard for the first time in this city, and there are many who have an interest in his work. It is said that there are now about twelve million Jews in the world, of whom about two million live in America. It is said that over 11,000 Jews have gone over to Christianity in America during the last century. These and many other interesting facts to the Jew and Gentile alike will be brought out by Mr. Siderasky. He will speak in English tonight. The public is cordially invited.

POLICE COURT.

There were but two cases before the Police Court this morning. A white man, who is suspected of lunacy, had been arrested by Officer Arrington. He was committed for further examination. A colored man, who lives in the southeastern section of the city, had been arrested by Officer Sherwood on a similar charge. The darkey ran into the station house last night in scant attire and implored protection from imaginary enemies. This morning he was almost nude, he having virtually divested himself of his clothing. He was committed for a future hearing.

INJURED BY CATRIFLE.

George Jackson, a colored boy, living in the southern section of the city, had his right eye seriously injured by a ball from a catrifle yesterday. He was taken to the Alexandria Hospital for treatment. The catrifle nuisance is a cause of constant complaint. A colored boy killed a chicken belonging to a neighbor with one of these dangerous playthings in the same locality a few days ago. It is hoped the police will disarm every boy caught with these weapons and confiscate them.

WANTED TO DROWN HIMSELF.

Charles E. Lloyd jumped overboard from the wharf at the foot of Fayette alley this morning with suicidal intent. Some men who were standing near and witnessed the rash act rescued Lloyd after come difficulty. He was in an exhausted condition, and it was supposed at first that his resuscitation was impossible, but upon being carried to the Alexandria Hospital he revived. It is said that shortly before Lloyd jumped overboard a saloonkeeper had refused to sell him liquor.

FREE KINDERGARTEN.

Miss Watkins, the director of the Washington kindergarten, gave a most interesting and instructive talk yesterday afternoon at the Peabody School. Her subject was "The influence of the kindergarten work on grade schools." At the request of one of the ladies present, Miss Watkins told one of the kindergarten stories most beautifully, holding the attention of the audience, as though they had been a group of children.

MEETING POSTPONED.

The semi-annual meeting of the Lavras Workers Missionary Society of the Second Presbyterian Church has been postponed from Thursday of this week to Thursday, June 19th. WEDNESDAY EVENING, JUNE 10, 1908.

Story of a Foot Race.

A voluble negro who was discovered pacing a fast heat across the Tenth street viaduct the other night explained his haste to the policeman who arrested him.

He explained that he had been to a swell dance and had paid the sum of $2.50 for the rent of the startlingly correct attire in which he was clad. During the progress of the dance a short yellow man had repeatedly bumped against him in a most offensive manner. He related the story with dignity and unction.

"Thish yere yellow nigger, he kep' a-bumpin' inter me till I ses to him, I ses, 'I'll see you after this dance outside,' I ses to him.

"He ses, 'Very well, suh; I'll see you after this dance.'

"I didn't like the looks of him nohow, and when we gits outside he pulls a big razzer, and he ses, 'I'll ca've you,' he ses, jes' that er-way.

"I thinks of that suit I pays $2.50 fer, and I gethers up all the rabbit they is in me, and I starts to runnin', and I runs fast. I runs like a jack rabbit ontell I gits to the vi'duc', and a big police he hollers to me:

"'Hey, there,' he hollers. 'Whar you-all gwine so fas'?'

"'I's jis' a-runnin' to ketch a cyar,' I hollers back. But he grabs me, and he ses:

"'Ketch a car, nigger! Why, youse passed four cars a'ready!"—Omaha World-Herald.

Rarest of Trades.

"Mine is the rarest of all trades," said an Englishman. "I am a maker of instruments of torture. I suppose that at this moment in Siam and China yellow men are bleeding and howling in the clutch of machines of my make."

He lighted his pipe. "Pleasant thought, eh? But we must make our living somehow. In Birmingham mine's made. There for seventeen years I have been turning out racks, hair and nail drawers, thumbscrews, skinners, needle beds, searing irons, bone breakers and what not.

"Siam and China have bought their instruments of torture from Birmingham for generations. Some of these contrivances are very costly and ingenious. There's a water dropper which works by clockwork that costs $500. There's a— But that's too terrible to talk about. The Chinese instruments, by the way, are a million times crueler than the Siamese."—New York Press.

Sanson and Louis XVI.

Three letters written by Sanson, the executioner of the "terror," are printed in the Paris Gaulois. One of the most interesting of them is short enough to be quoted in full:

"Citizen—I have just learnt that the rumour is current that I am selling or causing to be sold locks of the hair of Louis Capet. If any have in fact been sold, this abominable trade can only have been carried on by impostors. The truth is that I have not allowed any one in my house to carry away even the smallest relic."

Sanson, it appears, had in his private capacity much sympathy with the king whose head it was his duty in his professional capacity to cut off. In another letter he attributes the courage with which he met his death to the firmness of his religious principles, and when he himself died in 1806 he bequeathed money to pay for masses for his victim's soul.

Evolution.

In the days when the higher education of women provoked more discussion than it does at the present time a number of Cambridge university men, among them Arthur Clement Hilton, who was born a wit and died a clergyman, were discussing the establishment of women's colleges. Hilton, says his biographer, Sir Robert Edgecumbe, expressed himself in favor of the movement.

"Of course," he said, "when women get their degrees they will not be bachelors, but spinsters of art, and then after awhile they will proceed to the degree of M. A.—ma."

Hunter's Waterproof Matchbox.

There is not a match safe made, so far as I know, that meets all of the requirements of the sportsman as well as a ten or twelve gauge brass shell closed with a cork stopper. This makes a safe that is absolutely waterproof, easily opened, is cheap and that will float. If one wishes to provide against the loss of the stopper, a cord may be fastened about the cork and the other end fastened about the base of the shell.—Cor. Forest and Stream.

A Pair of Trade Winners.

"I've never had any great luck," declared the pessimist.

"Neither have I," admitted the optimist.

"Made my money by hard work and advertising."—Louisville Courier-Journal.

Very Quiet.

Lady Visitor—That new girl of yours seems very nice and quiet. Mistress of the House—Yes, she's very quiet. She doesn't even disturb the dust when she's cleaning the room.

Part of the Trade.

Plumber—Have you got all we want for Brown's job? Boy—Yes. Plumber—Wot? You 'aven't forgotten nothin'? Bless my soul, 'ow d'you expect to make a plumber?—Bystander.

Subtraction.

"If an empty barrel weighs ten pounds, what can you fill it with to make it weigh seven pounds?"

"Have to give it up."

"Fill it full of holes."

Ignorance is less distant from truth than prejudice.—Diderot.

RAM ON THE RAMPAGE.

A ram went on the rampage last night and upset a section of the northeast in Philadelphia, for several hours. The animal broke away from a flock of sheep bound for the slaughter house and began operations at Sixth street and Lehigh avenue. It put several tramp dogs temporarily out of business and damaged fully half a dozen inquisitive cats. With a crowd of men and boys at its back, it charged upon "front step" parties along Dauphin street.

It dashed through a number of houses and was finally cornered in a back yard near Sixth and Dauphin streets. Sergeant Hogan, of the Eighteenth district, and a half a dozen men held the animal prisoner until the patrol wagon arrived. The ram was then locked up on the charge of disorderly conduct, and awaits its owner in a cell.
